Decide what Relay.app should do if

No posts are found *

Continue without a result ▼

Step 3

Summarize with AI

Summarize the collected posts into 3–4 bullet points using AI.

Summarize with AI

Prompt

Give the model detailed instructions. Insert relevant data for context.

[See examples](#)

You are a LinkedIn content analyst.

Summarize the following LinkedIn posts in 3–4 crisp bullet points.

Focus on:

The core idea or insight

Any data points, examples, or frameworks mentioned

The key takeaway for professionals

Step 4

Send email to yourself

Send the generated summary to your email with the subject: Malay's Content.

 **Send email to yourself**

Send an email to yourself from notifications@relay.app. To email others, use e.g. our Gmail or Outlook Mail integrations.
